**DYNAMIC BROADBAND, INC NAMED
11th FASTEST GROWING CORRIDOR COMPANY**

Cedar Rapids, IA— Dynamic Broadband, Inc, a carrier class provider of fixed wireless broadband services for critical data and internet applications has been awarded the 11th Fastest Growing Corridor Company, as designated by the Corridor Business Journal.

The Corridor Business Journal presented the awards during a breakfast on May 19th. Fifteen awards were presented to companies who showed the largest percentage of overall revenue growth from 2006 through 2008.

“Maintaining a strong focus on niche and underserved markets for our internet service will continue to drive success for our company,” said Mike Brown, CEO. “Additionally, the increased focus on X-Wires multi-tenant services has allowed us to grow outside our previous footprint to serve customers across the country.”

About Dynamic Broadband

Dynamic Broadband (www.dybb.com) offers carrier grade point to point wireless services and reliable high-speed wireless Internet, and data service to both business and residential customers in communities throughout the upper Midwest including Sioux City, Waterloo, Dewar, Cedar Rapids, Marion, Hiawatha, Iowa City, Indianola, Pella, Newton, Marshalltown, Clinton, Waverly, Carroll, Glidden, Gilman, and Decorah. The company was formed in June of 2000, and current investors include; Wellmark of Des Moines, RACOM Corporation of Marshalltown, Central Iowa Power Cooperative (CIPCO), Iowa First Capital Fund, and Aavin Equity Partners of Cedar Rapids. The company also provides Multi-Tenant Bandwidth Management solutions to colleges, property managers and senior living facilities nationwide.

About Corridor Business Journal

The Corridor Business Journal is a weekly business publication serving the Cedar Rapids-Iowa City Corridor. Part of the Corridor Media Group, the paper provides local news, information and advertising solutions to business and community leaders.
